Right Choice For Bright Careers

# Drug Safety Physician

Drug safety Physician and pharmacovigilance in areas of development and marketing of medication is an extremely important element. The importance of drug safety monitoring and risk management for medicinal product developers and clinical investigators is required to protect public health, manage increasingly tight regulations and ensure the efficient functioning of drug safety or pharmacovigilance systems within pharmaceutical and biotechnology companies.

## Career In Drug safety Physician :

Drug Safety Physician is a well-paid, career opportunity within Pharmacovigilance organizations and is responsible for the management of benefit-risk profile including review and analysis of safety data from post-marketing sources and from clinical trials, the identification, and investigation of safety signals, etc.
