About The Course

This course provides a comprehensive understanding of the Electronic Trial Master File (eTMF) system, a critical component in managing documentation for clinical trials. Designed for professionals in the Clinical Research and Pharmaceutical industries, the course covers the fundamentals of eTMF, regulatory compliance, document lifecycle, and best practices in maintaining inspection-ready trial documentation. Learners will gain practical insights into using popular eTMF platforms, ensuring audit readiness, and aligning with ICH-GCP and global regulatory requirements.
